PROFILE

I am an enthusiastic final year Computer Science student equipped with strong problem-solving skills and practical experience in frontend web development. I specialize in creating responsive and user-centric interfaces using modern technologies. My journey includes participation in hackathons and real-world projects, where I honed my ability to develop robust applications that improve user experience

EDUCATION

- **GIFT Autonomous, Bhubaneswar** 7.21 CGPA
B.Tech in Computer Science and Engineering (2022-2026)
- **Bhubaneswar college of computer science and technology, Bhubaneswar** 80.05%
12TH (Year of Passout-2022)
- **Tarapur Nodal High School, Balasore** 60.67%
10TH (Year of Passout-2020)

TECHNICAL SKILLS

- **Frameworks & Libraries:** Bootstrap, HTML, CSS, JavaScript,
- **Application software:** MS Word, Excel, PowerPoint

PROJECTS

1. **Coffee Franchise Website:** [🔗](#)
 - Built a modern, responsive website using **HTML, CSS, and JavaScript** to showcase menu items, locations, and franchise details with an attractive UI.
 - Implemented interactive features, smooth navigation, animations, and form handling to enhance user engagement and strengthen brand promotion across devices.
2. **Nlite Learning Website:** [🔗](#)
 - Developed a fully responsive frontend using **React.js** and **React-Bootstrap**, featuring course browsing, instructor profiles, and enrollment workflows with smooth navigation via **React Router**.
 - Designed clean, intuitive layouts with reusable components and form validation, delivering a fast, scalable, and mobile-optimized learning platform suitable for real-time production use.

EXPERIENCE

Frontend Intern

Oct 2025 – Feb 2026

Techgeering Solution Pvt. Ltd

- A company specializing in tech solutions, focused on web development.
- Developed responsive and reusable UI components for course listings, instructor profiles, and enrollment flows using React.js and React-Bootstrap.
- Implemented smooth client-side navigation using React Router to enhance user experience
- Integrated form validation and optimized component structure for better performance and scalability.

WORKSHOP

- 2-days Robotics Workshop project on **Line following path robot** by F5 developers at GIFT Autonomous, BBSR.
- Participated Web Design competition by Web Bocket pvt. Ltd.
